**Family Characteristics (Select one response)**

For the ADULT(S) residing in the home, use the scale below to indicate whether any of the following conditions exist and the extent to which these interfere with the child's receipt of services. If the child is currently in a community residential program, refer to the ADULT(S) in the child's primary living situation just prior to admission.

**Scale:**
- **0** - This condition does not exist
- **1** - This condition exists, but does not interfere
- **2** - This condition mildly interferes
- **3** - This condition moderately interferes
- **4** - This condition severely interferes and is a potential risk factor for out-of-home placement
- **NA** - Not applicable
- **U** - Unknown
